

## **Solent Sky Visitor Information**

### **Location of Exhibits**

There are exhibits spread around the ground floor in the main hall of the museum. There are further exhibits in 3 meeting rooms on the first floor, located near the toilets. The tram shed, containing the 3 trams undergoing restoration, is at the far side of the museum car park. The tram restoration team will be on hand in the tram shed to answer any questions. There will also be a sales stand to raise money towards the restoration of the trams.

A suggested route round the museum is to start by visiting the main hall, then go through the Blitz exhibition to the rear entrance which leads out to the car park and tram shed. Then return via the rear entrance, but go up the stairs to the first floor and the meeting rooms. Then go back into the main museum.

A list of exhibitors is in a separate document.

### **Refreshments**

There will be a burger van in the museum car park throughout the event, selling burgers, sausages, chips, teas, coffees and cold drinks.

Outside the museum, Ocean Village is nearby and is marked on the travel map. There are a number of restaurants including the Admiral Sir Lucius Curtis – a Wetherspoons pub, The Ocean Grill and the Maritimo Lounge. There is also a Tesco Express and Co-op both of which also have cash machines.

### **Travel**

Travel and parking information is detailed in a separate document.
